Can you also give us an tutorial on how to exploit these irc channels?

gilles - July 31, 2016, 11:08 am

Works fine for me !

Thanks for share m9

DrDoktor - July 31, 2016, 11:40 am

can you pipe this into other programs?

johnngreen123 - July 31, 2016, 11:43 am

Thanks a lot for this. I will take a look on it.

YsBk Dervint - July 31, 2016, 11:45 am

how is this any different than any other port scanner? that's all it looks like it's doing.

edit: nevermind, i missed the code link, but i still don't see how it'll be that useful unless you're looking for IRC's in general and not just botnet CnC's.
