Tommy Chong - *July 31, 2016, 2:04 am*

Hey guys,

Here I am again with another pokemon giveaway?

This time I won't disclose any information on the account other than it's currently 29 and by the time I give it away mostlikely 30.

I'll be sniping a bit on the account later on to fill it up with some dank dragonites and such.

If it wasn't clear already; Yes, the account is bottled

Contest will close at 100 posts

If not active enough 50 posts

Double posts = banned from contest.

Expect more giveaways!
