Thread: [\[ON SALE! ONLY \\$3!\] Bustabit Cash - MAKE MONEY FROM GAMBLING \[VOUCHED\]](#)

SIM-3092442 - July 31, 2016, 5:14 pm

Have you ever wanted to make money from gambling? Then this is for you! This strategy will teach you the ways of winning in bustabit.com with minimal chances to lose.

Bustabit Cash is a unique method to start earning money from bustabit.com! You can invest as little as a dollar to start! After you buy this method, you can instantly start earning. If you purchase the Premium package, you get a bonus method that won't fail as long as you have the required amount of bits! You also get support if you have ANY questions with the method or need support for something. This isn't a shady script that will bust, its a working method

Includes:

Unique Method

Explained perfectly

Does not include:

Shitty script

Requires lots of investment

Other shady shit

Pricing:

[Standard Package \\$5 \\$19.99](#)

[Copy of the method](#)

[No support](#)

[No bonus method](#)

[Premium Package \\$10 \\$24.99](#)

[Copy of the method](#)

[Full support](#)

[Bonus method](#)

Click on the package you would like to buy to get taken to the autobuy! Your package will be sent via email after 2 confirmations

FAQ:

How much investment is required:

A few dollars to start. Be ready to invest more though.

How much investment does the bonus method require:

It requires around 0.125 BTC(125k Bits) however its chance of failing is close to 0%. Using 1k bits is fine but it has a bigger fail chance

Will this fail:

It has a VERY small chance, but it can fail

TOS:

1. No refunds
2. Chargebacks = Scam Report
3. I am not responsible for how you use this method
4. Gamble responsibly
5. You understand you can lose
6. You may not leak/share/sell this method. You are buying the method for yourself only
7. You agree to this by purchasing

Vouches:

(Jul 31, 2016 05:16 PM)Zacko Wrote: [\[CITE\]](#) Vouch. Got a copy of this from Cake earlier and it's a really nice e-book. Do not hesitate to buy from him.

(Jul 31, 2016 05:17 PM)#Devon Wrote: [\[CITE\]](#) Vouch for Cake, have done multiple deals with him and is very trustworthy :D

(Jul 31, 2016 05:25 PM)cakejecil Wrote: [\[CITE\]](#) Have received a vouch copy, and must say this is interesting. I've never gambled like this, but will definitely try, and it looks promising. This method overtime looks like it will be guaranteed profit, as it it just playing the odds. Overall, solid eBook, easy to understand, and an interesting concept.

(Jul 31, 2016 05:33 PM)Submit. Wrote: [\[CITE\]](#) Received the vouch copy from OP. Very interesting, going to try it. The first package contains what it says; the normal method which can rake in nice profit if done correctly. It requires a very small investment for a big reward. For the second package, it is 100% profit but it will take time. He has full support at the bottom of the E-Book for anyone with questions. Personally I would purchase the second package because of the support and the bonus method works great with the investment.

Thank you for the vouch copy and GLWS.

(Aug 1, 2016 06:26 AM)granz????????????????? Wrote: [\[CITE\]](#) Just bought this method and so far it's looking great. Will try this out later tonight hopefully and update with results. I'm always looking for new types of gambling methods and this method i'm sure can bring in a lot of method if done right. It might take some time to get a understanding and to hang in there but once you manage to rake in the first time you'll be happy.

Also, you didn't need that big of a bankroll either to get started.

(Aug 7, 2016 08:23 AM)Minimalist Wrote: [\[CITE\]](#) Hey, this is my review of [CakeSG](#)'s product: [\[\\$3.99\] Bustabit Cash - MAKE MONEY FROM GAMBLING](#), as requested in [this thread](#).

Initial thoughts: This eBook is written and formatted neatly, with images included to clarify what you should do to profit on Bustabit. The main method that you are paying for would theoretically work, but as always, gambling is gambling and you should modify the settings to fit your needs. The bonus method also follows the same premise.

Main method review: I have seen this being used before, but that's to be expected with any method that piggybacks on public websites. I have used this before and won a decent amount of money on an account that I am unable to list for fear of leaking the method. That being said, I could have also completely busted and I could have lost all of my money. I believe that everybody should be made aware of the fact that the odds are always heavily stacked against you. The strategy that the author is selling is based on an error in logic: just because the last round was a bust doesn't mean that the next round won't bust. However, as aforementioned, you can make money using this method.

Bonus method review: This method uses settings that are not too far off from what I've seen others use. In theory, it should work, but the odds are always heavily stacked against you.

Bottom lines (general):Public products do not point to a non-working product, but the product that the seller is offering is still relatively unused and unknown.

I have tested this product and I can verify the seller's claims.

This review reflects [Minimalist](#)'s thoughts.

(Aug 16, 2016 05:24 PM)John F. Kennedy Wrote: [\[CITE\]](#) Vouch for this method. I haven't tried the first one, but with the bonus method, I've made 1k bits in about an hour while afk.

Definitely worth buying.

Hey, this is my review of [CakeSG's](#) product: [\[\\$3.99\] Bustabit Cash - MAKE MONEY FROM GAMBLING](#), as requested in [this thread](#).

Initial thoughts: This eBook is written and formatted neatly, with images included to clarify what you should do to profit on Bustabit. The main method that you are paying for would theoretically work, but as always, gambling is gambling and you should modify the settings to fit your needs. The bonus method also follows the same premise.

Main method review: I have seen this being used before, but that's to be expected with any method that piggybacks on public websites. I have used this before and won a decent amount of money on an account that I am unable to list for fear of leaking the method. That being said, I could have also completely busted and I could have lost all of my money. I believe that everybody should be made aware of the fact that the odds are always heavily stacked against you. The strategy that the author is selling is based on an error in logic: just because the last round was a bust doesn't mean that the next round won't bust. However, as aforementioned, you can make money using this method.

Bonus method review: This method uses settings that are not too far off from what I've seen others use. In theory, it should work, but the odds are always heavily stacked against you.

Bottom lines (general): Public products do not point to a non-working product, but the product that the seller is offering is still relatively unused and unknown.

I have tested this product and I can verify the seller's claims.

This review reflects [Minimalist's](#) thoughts.
