No problem, sorry I didn't add before.

Didn't expect people to think it was a virus.

?

Yeah no worries, I just went on their website.

And I can say this is actually really good! :)

Thanks for sharing.

Can you make it so I can set that I don't need normal pokeballs...

Heartboy - August 3, 2016, 10:49 am

Thank you for the share OP. Finally a bot that actually looks like it's worth installing and setting up. Good looking out on adding the Virus Total as well. Much appreciated. ?

Just turn off catching pokemons and all bots are Pokestoppers :P
Thanks for the share though.

I'm surprised bots don't have a checkbox for pokestops only.

Hmmmm

You can edit it in the config but that's all really.

No problem mate.
