Thread: [Random twitter account jacking guide](#)

CULTSWEGMAFIA - August 3, 2016, 12:41 pm

I'm giving away a guide on jacking random twitter accounts. You can not get any account you want, most of the accounts are egg profile pics and never tweeted. You might get lucky, the chances are slim though.

This is great for follow bots/tweetdecks.

I have also tried the same thing on Instagram and Steam and it works on both.

Post here or PM me for this. I will respond to PMs quicker though.
