Quote:In the year 2010, the Holy Empire of Britannia is establishing itself as a dominant military nation, starting with the conquest of Japan. Renamed to Area 11 after its swift defeat, Japan has seen significant resistance against these tyrants in an attempt to regain independence.

Lelouch Lamperouge, exiled prince of Britannia, unfortunately finds himself caught in a crossfire between the two nations' armed forces. He is able to escape, however, thanks to the timely appearance of a mysterious girl named C.C., who bestows upon him Geass, the "Power of Kings." Realizing the vast potential of his newfound "power of absolute obedience," Lelouch embarks upon a perilous journey as the masked vigilante known as Zero, leading a merciless onslaught against Britannia in order to get revenge once and for all.

One of my all time favorite anime. Can honestly say that without a doubt one of the greatest stories and series of plot twists I've ever seen in an anime. I really do need to re-watch it someday soon.

Code Geass will always have a place in my heart. One of the only anime I have watched multiple times. Recommended for those new to the anime genre.

One of the best anime to date. In my top 10 list for sure. I just wish the movies would be dubbed.
