Thread: [How many 'Hot Topics' do you have?](#)

Krave - August 7, 2016, 7:32 pm

Threads turn "hot" when they reach 100 replies, and look like this:

How many do you have? and how many replies does your top thread have?

I have 21 hot threads and my top thread has 1,036 replies as it's a lounge for my group.

You can check by going to "Your Threads" and clicking the "Replies" header to make them display in ascending order.
