Thread: [Visual Studios 2010 Proffesional ?](#)

TickleMyTits - August 8, 2016, 9:09 am

Hey guys,

I'm working on a Source, but i need Visual Studios 2010 Proffesional.
Does someone have it? i tried to google, but only found death links..

Thanks in Advance ?

I have a Visual Studio 2010 Professional from my MSDN subscription. 2.36 GB. Spanish. Let me know if you are interested for upload somewhere.

I know a good friend of mine called "Google" but he told me that he didnt know it.

But thanks for your help ?

Did you see this?

<http://stackoverflow.com/questions/8894654/where-can-i-download-visual-studio-2010-trial-version>

The downloads seem to be working just fine.
