Thread: [PokeMobBot wont evolve with luckyegg?](#)

**OctyBaker** - August 9, 2016, 7:00 am

Hey, could anyone see if i've made a mistake in the config ?

The bot dont evolve :(

i tried searching on google but cant find anything. Sorry my english

```
},
"PokemonSettings": {

"UseLuckyEggsMinPokemonAmount": 50,

You need to have 50 pokemons which are ready to be evolved until it will use a lucky egg and evolve, lower this to 20 or 15.
