Thread: ["Best" Crypter for IM4? \[help\]](#)

DigitalHacks - August 9, 2016, 11:47 am

Hey guys from HF,

I have IM 4.3.1 it works great! ?

And i want to use a stable and good crypter for it.

Please leave a comment on what you think is the best crypter

Based on FUD time ReFUD options ect...

I like those the most?:

2# Static Crypt v3 | /showthread.php?tid=4627301

3# CyberSeal | /showthread.php?tid=4515065 IF you know a better one leave it in a reply

Sorry for my bad English ?

Don't listen to this guy he's a dumbass look at his past posts. All of your choices seem pretty good I would go with 2 or 3 personally.
