Hello everyone, I wanted to share a great app that I cam across today while searching the Google play store for an eBay alternative. This app called Mercari that is similar to eBay but a lot more clean and simple. You can sell items there or buy from millions of daily users. The app is easy to use and beautiful and I ordered an electronic my first day and received tracking information within 24 hours.

How do I get the free \$7 Credit?

First download the app named Mercari from your appstore on either Android or iOS. Next you can sign up, you will receive \$5 for signing up and an additional \$2 for using my referral code. The credit can be used for the product, shipping, etc.

Referral Code: ZAHNPJ

Hope you enjoy!
