Thread: ["KinguinHF" Skype Jacked - Beware](#)

Kinguin - August 10, 2016, 3:02 am

Woke up to alot of notifications on HF. People asked for confirmations, and I haven't been on Skype myself. Now the password is changed, he's trying to scam, and I'm on vacation and can't do alot.

Just telling everyone to be careful, and don't deal with that Skype. I don't think he've scammed anyone, as everyone asking for confirms via HF.

I'll update my threads with my new Skype, aswell as getting my old Skype back. ?

Yeah someone was for sure on your account, they messaged me earlier today lol. They went on the marketplace and just started adding everybody on your skype.

That's not good..

If you're in any Skype groups, please write that they shouldn't talk to KinguinHF on Skype, as it's jacked.

Thanks for the information.?

This is the guy who jacked your skype. He added me on skype with your skype details immediately after I gave him my skype.

Not sure why you repped him though.

Almost bought it, but checked HF because he didn't reply. Great that you checked, looks like he's still trying to scam people. I'll keep this thread up then. Thank you.
