Thread: [Not sure what group to join.](#)

Lipton's Ice Tea™ - August 12, 2016, 10:08 am

Been thinking about joining a group, but they all seem to have the same cliché "we're helping give back to HF/we're all kind amazing people" kinda vibe.

Was wondering who people plan to join/have joined and why they stood out for them.

Nightmare is obvi the best group.

[Red Lions is recruiting](#) level-headed users who will actually contribute to Hack Forums. If you want to have a chance at adding to the group's prestige, you should definitely consider applying.

All groups suck, you're out of luck.

Hash G. - August 12, 2016, 1:14 pm

It depends of what you want to do.

If you want to have fun, try The Order, Synergy or Enigma.

Roger Waters - August 12, 2016, 1:22 pm

I can tell you that Enigma doesn't have that vibe. Actually there aren't any groups that give off that vibe.

@OP: If you're a passionate gamer, Synergy is the place to be.

Vegeta - August 12, 2016, 6:12 pm

Depends what you're into really, I love the groups I'm in and only have interest in joining two other ones really.

Look at information threads and see what pulls ya in.
