Thread: [Which 2+ anime would you have in a crossover ep/film](#)

DerMensch24 - August 12, 2016, 1:15 pm

Just as the title implies, which two or more anime do you think should have a crossover ep/film someday?

Armady1 - August 12, 2016, 1:22 pm

accel world and sword art online

:D

kuroyukihime, kirito daughter?

Edit:

Actually, now that i think about it.. There is technically already a crossover, because it's in the same universe. However, I would like to see an older kirito/asuna interacting with the MCs of Accel World.

Tokyo Ghoul and Attack on Titan

Lets put two badly written anime and make them merge. Blech.

Nichijou + Danshi Koukousei no Nichijou might be hilarious.

Nothing could go wrong, what are you talking about.

Aldnoah Zero and Code Geass.

Code Geass and Death Note, just to see who's smartest.

Ohh that is quite good.

Or (it's only a manga if that counts) [Liar Game](#) with Death Note to see how far L can get in and still be boss.

Esdese - August 12, 2016, 5:23 pm

Rakudai kishi no Calvary and Asterisk Wars

LOL wait a minute....

DerMensch24 - August 12, 2016, 7:24 pm

Hm, for me I'd have to say either Berserk and Hellsing Ultimate (just to see how Guts would do against Alucard)

or more realistically, I'd probs like to see Trigun and Cowboy Bebop do a cross over, shoot-'em-up crossover ep.

You beat me to it...
Then I'd say Assassination Classroom and Highschool of the Dead...

Elweth - August 13, 2016, 9:16 pm

How about Code Geass and Tokyo Ghoul? Would be cool to see mecha and ghouls in the same world, with Lelouch fighting to take over it.
