Aura - August 14, 2016, 10:10 am

Quote:Sophisticated, suave, sublime; all words which describe the exceedingly handsome and patently perfect Sakamoto. Though it is only his first day in high school, his attractiveness, intelligence, and charm already has the girls swooning and the guys fuming with jealousy. No one seems able to derail him, as all attempts at tripping him up are quickly foiled. His sangfroid is indomitable, his wits peerless. Will any of Sakamoto's classmates, or even teachers, be able to reach his level of excellence? Probably not, but they just might learn a thing or two trying...

Season(s): 1

Episode(s): 12

I thought it would be some stupid ass show at the beginning, but it turned out way better than expected. I think it took me 2 episodes to really get in, plus the opening is kind of catchy as well. Good watch, I recommend it.
