valik140795, you are extremely amazing at graphics and therefore you should apply for the the "Grahics" crew.

Enjoy.

Oh wow, I would suggest you to them but I am not a member of the "Graphics" crew. You should show some proof, I mean like show them some of your works.

Maitkaa - August 8, 2010, 5:37 am

ok your work is amazing and i would like one for sure so the text should be : NeXTDoORHaCkeR , the image should be about gaming/hacking , it would be awesome if it would move like your signature . and if it's not to much trouble could you make me a avatar and i would like that you make it your own because i have no good ideas :D so pm me if you have time to to my signature and avatar .

Thnx for reading and hopefully for making me a awesome signature :D

Valik ? - August 8, 2010, 7:27 am

Pm'ed you

waiting for Reply

shawheen - August 9, 2010, 11:59 pm

For my avatar can you have a flash animation of the nuclear sign (<http://adf.ly/51K8>), than toxic sighn(<http://adf.ly/51Jm>), than a pot leaf(<http://adf.ly/51kp>). And for my signature can you Make me matrix numbering themed one with my user name in animation along with the sig, and if you have a better idea on how to amp up the image, please don't hesitate, and tyvm

Retro - August 10, 2010, 12:23 am

Can you make me one? Surprise me please! I'd like an abstract effect behind the text. No frames please. Just pure text and some sick effect or animation in the background.
