Thread: [Free Graphics \(Quality for free\)](#)

BearEssentials - August 14, 2016, 5:04 pm

I am bored at home lately and I have spare time. I thoroughly enjoy doing graphic work and every piece I do I will post here as an update to my portfolio. I have been doing graphics for 5 years or so, I have techniques that are original and I am a very minimalistic designer but, I will expand my abilities as time goes on. I am open and flexible to any job needing done. Note please that since these are free (for now) I will be doing these on my own timeline and if you need rush and like my work you can pay to jump the line since these will be done first come first serve. Thank you! I look forward to helping the community!

Your request VIA PM

BearEssentials,

How are you doing bro? Saw your post regarding that free signature and I really enjoyed that one you did for the user Gage.

If you take on this challenge, I only ask of your own insight, vision and creativity as an artist. I don't have any special requirement, but I would like to have a "humorous" themed signature. Something silly, something ridiculous, something crazy, something borderline trolling Roflmao? Simple is cool, Not simple is cool too. Having the text: yadadamean or yadadamean? in a question format would be awesome as well.

Definition of yadadamean:
<http://urbandictionary.com/define.php?yadadamean>

hahahaha! Anyways, I would really appreciate this done if your'e interested! I appreciate you.

Thanks a lot,
yadadamean

Honestly, I am not very good at goofy stuff, I like things looking modern but, here you go man I hope you like it....

Slightly. - August 17, 2016, 5:05 am

If you'd like to do me a favour, I'd appreciate it!

Okay, the thing is, I've fallen in love with this logo...

<https://gyazo.com/743fe29bbefbb5333e84312c0ab9a35e>

A friend of mine tried to edit it, matching my Steam name.

<https://gyazo.com/4d4e7c22fae9a8fe90ae43f027d843e0>

It's okay'ish, but do you think you can do it better? It's for a Steam avatar, btw. ?

I can do that I appreciate the rep, I am trying to build a nice reputation in the community. As for everyone else's request. I am literally flooded with request and I love it but. I am still only one man and can only use so much of my free time. I will keep them coming as long as I feel the people requesting them actually appreciate it.

Thanks for all the support everyone!!
