Quote:Narumi Fujishima isn't your typical high school student. He's never really fit in and has become increasingly more isolated from his fellow classmates. But he's not alone, and when Ayaka, the sole member of the Gardening Club, introduces him to the reclusive girl who lives above the ramen shop, Narumi enters a whole new secret world. Alice is a NEET, someone who is Not Employed, being Educated or in Training, but as Narumi quickly discovers, that doesn't mean that she does nothing all day.

In between tending to her small army of stuffed bears, Alice is an expert hacker and a very exclusive private detective. To his surprise, Narumi finds himself drafted as one of the strange-but-elite team of associates that Alice has assembled from her NEET acquaintances. Together they'll battle gangs, thieves, murderers, and drug lords. And in the middle of it all, Narumi will find his life changing forever!

Season(s): 1

Episode(s): 12

Only watched 3 Episodes so far (currently on the 4h) and so far it's meh. It's not extraordinary, but it's not the best either. If it was more serious, with more drama, it would be better.

Tell me if there is romance in this anime

Aura - August 17, 2016, 2:30 pm

So far there doesn't seem to be at all.

I started watching this but then dropped it because it seemed lackluster. I might come around to watching it again eventually.

ah damn, this anime would seem perfect for romance

Well I just finished it and I was a bit disappointed with the ending, even though it ended up not being "that" bad. It's a good watch, but you don't have to jump on it right away.

so was it worth the watch

It was worth it. It's the kind of Anime I watch when I can't find anything else.

I watched it all in about a day a while back. Good anime, many side stories.

Spoiler [\(Click to View\)](#)

I was expecting the brother's story to be one of the main investigation, but I didn't expect an attempted suicide and that it would be the last one of the show.
