Thread: [\[For Sale\] The Order - Gambling SF \(SF Re-brand + Mod Status\)](#)

Krave - August 17, 2016, 5:56 pm

The Order has been an extremely successful group since day one. Let me tell you why. Inside our sub-forum contains various different discussion threads, guides, and helpful tutorials that each and every member put their time and effort into to create. These members don't do it because they're forced. They do it because they want to help others, they want to give back. As a group The Order has a very solid member base, we treat one-another as family and leave no man/woman behind. The Order doesn't force you to do anything you don't feel comfortable with doing. We are a very friendly and active group. To prove our activity within the sub-forum, please refer to the spoiler down below which includes our Threads:Posts ratio.

Threads/Posts Group Ratio ([Click to View](#)) Group has been live for 7 months and has 1,050+ threads, 88,600+ posts and is on lounge #62. 09/29/16 stats

As some of you may or may not know, The Order has a Gambling sub-forum because of the forum-wide interest of gambling itself. Unfortunately, I never put in a lot of time into the sub-forum and it didn't go as planned. It mainly lacked activity, and the reason behind this was because more loungers were recruited than people actually interested in gambling.

I do not have any interest in reviving the sub-forum mainly because of all the CSGO gambling drama and me losing interest. I'm giving you guys an opportunity to re-brand it and lead a sub-forum located within the group for yourself. I will be selling the sub-forum as well as moderator permissions for that SF only.

Benefits of purchasing: Create your own mini-community within The Order.

Potential of profiting depending on what ideas you have.

Gain moderator permissions in that sub-forum. (Sticky, open/close threads etc.)

Open your own sector within the group and house it within your own sub-forum.

Host recruitments for your sector.

Add/remove people to the group for your sector. (This has to go through me)

Join in the fun with the rest of the group. Your recruited members are not limited to the sub-forum.

Lead something with freedom. I will be sitting back monitoring things but will not getting involved an awful lot.

This will basically make you an unofficial leader of the group. That means you will have the ability to add and remove members, but you must PM me to add and remove those members for you. Once again, I repeat myself: This will NOT make you an official group leader nor am I selling a leadership spot.

We will discuss terms if you're serious about buying. I'm a very lenient person so you'll be free to do a lot with it.

I'll be pricing this at \$500.

Please note: You will need to be personally approved by me. You must also have a solid plan of what you'll be doing with the sub-forum and your recruitment ideas.

The order is an amazing group, everyone inside the group is amazing and extremely helpful. The group has helped me with many ideas i have had and i myself have met some really fantastic people there. It would be great for someone to own this and i really hope someone amazing gets it.

Night Fury - August 31, 2016, 11:45 am

Not personally interested, but I didn't see any mention on what happens if the group is sold. Does the buyer forfeit that money, do they get it back? Might help clear things up for others.

\$275 from me.

I'm looking to transfer my group Underworld (involved in crypto currency & trading) which is currently in nightmare...I'm not happy with leadership there, so I'm either making it unofficial or if you'd approve, move it into the order....Let me know if you might want to discuss that.
