Varane - August 18, 2016, 6:38 pm

Quote:Kageyama Shigeo (a.k.a. "Mob") is a 8th grader with psychic abilities. He could bend spoons and lift objects with his mind from a young age, but he slowly began to withhold from using his abilities in public due to the negative attention he kept receiving. Now, the only thing he wants is to become friends with a girl in his class, Tsubomi. With his psychic "mentor" (who has no psychic powers), he continues his daily life, attempting to realize his purpose in life.

One of the best anime this season. Also much better than it's counterpart One Punch Man.

Professor Pantsu - August 18, 2016, 7:47 pm

I watched the first episode and it was alright. Not OPM level of great but p cool. Maybe I'll continue watching it and maybe I'll just forget about it.

ankitkhosya - August 18, 2016, 8:07 pm

This makes roll on the ground, especially his master. Though when i saw the manga, i was surprised , i mean i could do a better job at drawing it being a Anime cover sketcher.

Hamekaze - August 19, 2016, 3:23 pm

I didn't really find myself getting too deep into this, might give it another shot later.

Devixx - August 19, 2016, 3:41 pm

What kind of american trash is this

Happeh - August 19, 2016, 5:15 pm

who the hell is this? lol

Anime has been okay so far but it's not anything special, think OPM was overhyped and this is getting the same treatment as well.

Zexo - August 19, 2016, 9:30 pm

Good but not one punch man good.

Mafty Navue Erin - August 22, 2016, 9:19 pm

Good episode. I like how this episode was more on the serious side. This next episode is going to be hype.

Spoiler ([Click to View](#)) Mob vs Ritsu!

DerMensch24 - August 22, 2016, 9:59 pm

Might watch this, need to squeeze out a few anime from my PTW list first though before I begin anything new. Seems different artistically I will give it that, the story seems commonplace given the context but I might add it and give it a try ;)

NUJABE - August 23, 2016, 11:14 am

Man, Mob is a pretty good psychic !

imma read the manga.

Gamer Fusion - August 23, 2016, 11:14 am

This looks so weird... Reminds me of something I forgot.

Demonstrate - August 23, 2016, 11:15 am

I can't wait for the next episode. It's going to be insane. I love the animation style

Demonstrate - August 29, 2016, 10:55 pm

Holy moly the newest episode was insane. Why can't HF give this series some more love?

Mafty Navue Erin - August 29, 2016, 11:32 pm

I'm loving this anime to death. I'm also loving how it's getting more serious and less funny.

Latest episode was the best so far. Anyone that thought Mob was just a reversion of Saitama from OPM is gravely mistaken after this latest episode.

These fight scenes were absolutely beautifully done. I have to say that the choreography was a lot better than most anime that I've seen.

Spoiler ([Click to View](#)) Man, I can't believe Mob got his ass kicked, even after reaching 100%. I think this anime is about to finish up with some brutal fighting.

Well he didn't necessarily get beat, he got tricked.

ripmchen - August 30, 2016, 11:02 am

The latest episode really shows how naive Mob is, but he's going to grow from this and just bimbo them next time. I google imaged Mob Psycho 100 and I have only seen 3 pictures that represent him at 100% and ???%. They've all been animated already too so I can't wait til I see another crazy 100% or maybe even a ???% since I won't know which one it's going to be this time.

Demonstrate - September 5, 2016, 12:00 pm

The new episode was insane. Can't wait for the next one.

creki - September 5, 2016, 12:02 pm

I'm really addicted to this and re:zero atm, I can't wait until next week :^)

Mafty Navue Erin - September 5, 2016, 12:15 pm

Spoiler ([Click to View](#)) Really Mob? You were holding back on power this whole time. He just beat that guy that whooped his ass last episode, and without barely lifting a finger because he is in serious mode now.

I think Mob is just going to sweep the rest of these guys. At least these last episode episodes should be pure action.

It's because he finally realized that there's bad people who he can go all out on without killing them.

nonloso - September 5, 2016, 2:06 pm

One of the best anime this season.

Kokosnoot - September 5, 2016, 4:16 pm

I've almost finished re-watching hxx after that I'll watch this anime. It looks very promissing. Oh and the new season of one punch man is coming soon, can't wait haha.

I can tell you right now the new episodes are getting really good. Quite unfortunate we only get 12 episodes.

I bet this will get a season two and dub as well.

Varane - September 12, 2016, 11:50 am

Man, the latest episode. Biggest plot twist ever.

Spoiler ([Click to View](#))His master would be the last person on my list to be the leader of that organization. Maybe it isn't actually his master.

Fidel Castro - September 12, 2016, 1:51 pm

Really loved the anime, one in my top list so far.

I would have to agree.

Spoiler ([Click to View](#))It's his master. It was given away at the end. Plus the name of the next episode is called "Master - Leader".

I was not expecting him either tbh. He's my favorite character so he might still turn out to be likable. It definitely looks like this is going to build up to season two though.

That plot twist is so damn insane. I can't wait to see how this plays out. How did he hide this for so long?

Mafty Navue Erin - September 19, 2016, 2:32 pm

Lmfao this anime. So misleading sometimes.

Spoiler ([Click to View](#))Fucking ONE trolled us lol. I do like how all the Claw grunts thought Reigen was their leader though. The preview and episode title threw us off so much. I'm just glad that he is still on Mob's side. He was the real MVP this episode. It really sucks that it seems like he is going to die next episode. Unless ONE is trolling us again. On a side note I'm glad that kid with that stupid ass wig got a haircut. That wig was getting under my skin so much lol.

The artist ONE also drew the original concept art and manga/ webtoon work for One Punch Man, which is such a disaster it's actually good.

Varane - September 26, 2016, 12:15 pm

One Punch Man Season 2 was announced, and the final episode of Mob Psycho 100 season 1 was released today. I am really hoping we get a 2nd season announced.

skelly76 - September 26, 2016, 8:08 pm

Last episode lived up to the hype. A second season would be great.

SIM-2059193 - September 26, 2016, 8:10 pm

the art looks weird as hell lol hope thats not how its animated

Mafty Navue Erin - *September 27, 2016, 1:50 am*

Final episode was pretty great. Seems pretty likely there will be a second season. Reigen was my favorite character.

Was so hyped that watched the last episode on my work's office. It was really good.
