Vouches:

(Aug 19, 2016 01:07 PM)PAIN Wrote: [\[CITE\]](#) I have just received a vouch copy for the "Dollar Doxing" and I must say this is well worth every penny. This book is just \$1 and it offers so much information which is related to doxing. Whatever question you have or think of, it is answered in the book which consists of many pages and sections so you can find specific information. The e-book does not just explain how to dox but also how to stay anonymous and tips of what to do with a dox etc.

There are no spelling errors and everything is well informed!

I recommend buying this book as it is only \$1 which is REALLY CHEAP.

i will be using this in the future and learned a lot

GLWS I am surprised that it is really cheap!

(Aug 19, 2016 01:19 PM)That Guy Maxim Wrote: [\[CITE\]](#) Review (Very positive)

Gonna keep it short and sweet. It is a one dollar ebook, I did not expect much but.. This ebook provides a lot of information and tips regarding doxing and anonymity. Great tips and lots of great resources. If you are new to doxing and wanna learn more, this is what will get you more than started.

You should charge more for this, but the price is already set and all and it's a nice thing to have it so cheap. So keep it up, this is a high quality product without doubt. - Hella glad that I got a vouch copy, thank you it's appreciated.

(Aug 19, 2016 01:21 PM)ThePurge Wrote: [\[CITE\]](#) Op gave me vouch copy

Although I don't know much about how dox but This help me quite a bit some methods people may know and their other methods that people haven't seen . It's honestly really worth it and only for dollar it very well written step by step and what you need to do to start doxing your target and also

the guide tells you how to stay secure by other really good guide for beginners like myself. Once you read everything you will know what do. Good luck really worth for a buck you should get soon in case op raises the price up

(Aug 19, 2016 02:50 PM)Shay? Wrote: [\[CITE\]](#) Vouch for my boy Herion, He sent me the ebook and it looks really promising. For extremely cheap price as well!

(Aug 19, 2016 05:00 PM)R.Reddington Wrote: [\[CITE\]](#) I bought this, and its got to be the best thing I have ever spent \$1 on. Thanks for this eBook, its brilliant, haven't read it all yet but already learnt so much. ?

Online and taking orders, if you have any questions, just hit me up!

Herion

Similarity - August 24, 2016, 3:50 am

Posting to come back. Will buy this once ive got enough for L33T :)

Ordered this! Will make a review once read :)

I have to say, for \$1 this ebook is pretty good. It offers various ways to dox (some i didnt know of) and how to stay 99% anonymous.

Good job Herion!

Herion - August 24, 2016, 11:12 am

Sold a dozen of copies today and yesterday yet no one has replied, if you liked it please let me know! If you have feedback please let me know as well!

Herion

Caliban - August 26, 2016, 6:05 pm

Vouch for Herion.

I already knew quite a bit about doxing but some of the things in the E-Book were new/useful to me.

Definitely worth the 1\$! Dont hesitate to buy this if you care about your privacy or you want to get better doxing skills

Hydroclitoric Acid - August 26, 2016, 6:52 pm

Purchased the ebook.

Majority of the methods covered by this ebook require you to have your dox target on Skype. The methods covered are quite good, and it does go into detail on how to get things done.

Can say, it was well worth the \$1.

Herion - August 27, 2016, 11:23 am

Thanks guys, thats def what I love to hear!

If you guys got any questions, hit me up via PM.
