UFC 202

I really think that McGregor is going to kill Diaz tonight. Diaz made him look like a bitch last time. He had a massive task on his hands having to go up two weight classes before the fight and by the time the fight had arrived, he was physically fucked, you could see it. He's going to want to go out there tonight and prove a point to the world. When's all said and done, there's only so much talking you can do. He'll want to gain a victory instead of a few laughs, can't blame the dude though, he's absolutely killed it and made a fortune!

I'll be watching the whole event through Kodi (take a look at my sig) if anyone needs help in setting up drop me a PM as soon as possible. ?

I agree with you, But Nate is no joke, his ground game is excellent and he is very very tough, never been knocked out and he has been in several wars, It will be very very interesting.

Yeah Nate is a beast. I like him too, he's humble as well. I think McGregor is too loud sometimes, comes across like a bit of a cunt.

It's a shame this is gonna be on at like 5am for me.

I will be watching this back tomorrow and I do hope McGregor wins.

Popes. - August 20, 2016, 12:16 pm

Yeah ... it's going to be an amazing fight but I think Mcgregor is going to win, Diaz is a good fighter but I believe Mcgregor will walk all over him. Can't wait, going to be a good fight. :D

Who ISN'T watching is the real question.

I love McGregor. But, sorry Diaz will take the cake on this one.

25-30lbs is a big jump for someone McGregors size. Not to mention, Diaz took his best shots. Doesn't matter how much you train for Nate Diaz, he is so unorthodox. His stand up wears you out, his ground game defeats you. Simple as that man.

Diaz is a BEAST but something tells me McGregor is going to pull this one out his ginger beard! Excited now ?

IF he wins. I'm calling it rigged.

Only because of the Diaz domination last time.

There was no domination like Conor won the 1st round and got gassed in second and took a hit and had to take it to ground.

Conor dominated the first.

hugsyou - August 20, 2016, 7:17 pm

Money is on Diaz but i wouldn't be surprised if it went the other way

53-47 matchup imo. got diaz at plus 110 which was a steal

Conor simply can't compete at a higher weight class.

See people told you McGregor would smash it haha :)

sniper_x3 - August 21, 2016, 2:32 am

McGregor landed pretty strong punches but in my opinion Nate dominated most of the rounds just my opinion like he landed more punches even though they weren't as hard as his opponent's also he made McGregor run (kind of) also the takedown in the last round. Like i said just my opinion i ain't no expert xD

7amous - August 21, 2016, 2:38 am

Diaz is tough as hell respect him alot was an epic fight glad Connor got his vengeance.
