Grammar: 8.7 / 10.

There were a few mistakes, with grammar such as a letter missing, or something small but it wasn't hard to read at all.

Layout: 9.5 / 10

The layout is very basic, and isn't fancy dancy. Makes the e-book much easier to read, and over all really got the point across that it was straight forward.

Overall Quality: 9 / 10.

I would give this e-book a 9/10 and would recommend it for the price. You can easily make some big money with this e-book with a small investment even of just \$10. Would recommend that you buy this e-book if you're looking for quick and easy cash.

Thanks so much for the review, I'll be sure to fix all mistakes and update the book asap!

Danny Khalifa - August 20, 2016, 8:16 pm

Let me know if you give any vouch copies out.

I know how Amazon works and I've been buying AGC's since a long time and I know pretty much everything about amazon.

This is a good method. I suggest buying it. Super simple, yet effective guide.

m4dh4ck3r - August 20, 2016, 9:42 pm

As long as you are willing to invest you will get returns .

The Ebook is simple and easy to understand.

Almost anyone can set it up, you don't need to know much about Amazon . It requires very little time and effort.

This is a good book worth it's price.

As long as you invest money you will get returns.

Canonsx130 - August 20, 2016, 9:53 pm

This book is short and straight to the point. I agree with the other posters; this will work if you put the effort in, which is pretty minimal. The guide gives you a very good source for goods you can resell on Amazon for profit. A cool eBook, good luck with sales.

kant1102 - August 21, 2016, 5:29 am

does this method works worldwide? Does this method involves AGC Or just reselling goods like FBA?

havesomedignity - August 21, 2016, 5:59 am

Scrub lord - November 30, 2016, 12:30 pm

Does this have to do with selling game codes?

G2a?

havesomedignity - November 30, 2016, 4:12 pm
