No clue who the artist is, sorry to say. But hey I thought I was the only one who listened to music while on HF. :highfive:

I personally didn't like it all. I wanted to hear more of the old Frank (Thinkin bout you, Novacane, acura integurl, etc).

I've only heard it once, so I'm gonna attempt to listen to it again.

I think you'll love the artists. Definitely has a moody vibe to his music and I think that's why people love his art so much. It feels like art.

Not a big fan of modern day music. I prefer old school music from the early-mid 2000's.

Definitely is different. Little more upbeat than I'm used to.

frank ocean is a cool guy, but his music isnt for me,
his work in stuff with OFWGKTA is pretty nice.

Michael - August 21, 2016, 4:09 pm

Such a nice album.

Nikes is one of the best songs in my opinion.

Anyone still have a dl link?

Can't wait to here him again.

Mr.Peanut - August 21, 2016, 7:43 pm

I've only heard Nikes and I haven't even checked Twitter/Insta for the memes. Going to give the full album a listen tonight, i'm sure it's great.

vabie - August 23, 2016, 9:34 am

The artist is awesome abobe their having the moody vibe its great

Seevuhn - August 24, 2016, 6:55 am

I like Frank Ocean. He's like the Stranger Things of the music industry, lol.

Happeh - August 24, 2016, 11:48 am

Fucking great. Alot more mature this time round with deeper meanings in the lyrics. Is it as good as Channel ORANGE? For me no, but it is its own beast and I'm not one of those CO fanboys that are super upset and moody at this album.

aerodynamicz - August 25, 2016, 2:16 am

Snapu - August 25, 2016, 1:31 pm

In my opinion, it's not as good as his last album but I still like it. I'm just glad he's back for the moment tho.
