ToS:Don't waste my time, you're either selling or not.

We will use a middleman (preferrable 'Package' or 'Minimalist'), else I can pay you via CSGO keys that can be instantly cashed out to BTC via bots.

I have the right to decline a certain set of items.

I will not buy via PayPal

Purchased so far:

1. Bowie slaughter ft from Dtown
2. \$633 inventory from stashyy for \$405
3. AWP dragon lore ft 0.165 float for \$600
4. M4A4 howl mw 0.089 fv for \$420
5. M4A1-S knight for \$160
6. Karambit Doppler and m9 slaughter from Skylon5 for ~\$335
7. Flip doppler p1 for \$72 from Skylon5 on 24 November
