Thread: [Graphic Designers \(Skilled\)](#)

**problems.x** - August 22, 2016, 1:20 am

Hey! I'm currently looking for graphic designers that are very talented in what they do. If you qualify, you'll be designing for a streetwear company, it's a new company, and we need top quality designs, and our niche is kinda like urban/luxury clothing in a way. Please post here, or pm me if you are interested, and we can go over more from there.

The pay varies, that will be discussed via PM.
