Currently Buying:

\$500 worth of Legitimate US Amazon Gift Cards.

I have ZERO interest in any cards acquired through any gray/blackhat methods, and will expect a full refund if anything happens with the code.

Fixed Rate:

I'm happy to do exchanges for any amount up to what's listed above.

Ubers or Leets with positive previous exchange history only.

I prefer to pay using PayPal.

Please do not send me a PM. I ask that you post on the thread so you can see how much I'm currently buying and my pending transactions. It also allows me to serve people in the order they posted.

If you send me a PM, I'm just going to reference this text and ask you to post on my thread.

Seller goes first. I've established my reputation on HF between my PP/BTC exchanges and VPS sales.
