Confound - August 24, 2016, 3:13 pm

For this to be a legitimate report, you must include proof of the Skype profile, side by side with the chat. This is either an imposter or a fake report. Add sufficient evidence to get somewhere with this.
Good luck.

Hamekaze - August 24, 2016, 4:10 pm

Sorry for your loss OP, always deal over HF or PM confirm.

Danny Khalifa - August 24, 2016, 4:14 pm

It sucks you got scammed but if it's affecting you this bad you probably shouldn't be doing these types of risky deals online.

I think that I wanted to say that I didn't had much money.
Sometimes you have to take those risks.

By the way this is an old thread and only here to warn people about the imposter. Should I close it?
