Thread: [Download songs from itunes for free!](#)

3 Steps Ahead - August 25, 2016, 7:44 am

Hello. Everyone ?

This Method is probably already known for a while, but i just found it out recently.

- What is it?

Basically it allows you to download any song that's in itunes store for free (High Quality of course).

If this method has been already posted before, then i apologize in advance, i will junk this thread if that's the case.

Also note: I haven't tested this method thoroughly, But seems to be working just fine.

If I was abusing my power I would've junked dozens of threads by now. I'm actually giving people a chance before junking threads.
