Thread: [ADFLY bot Need Help](#)

Hello I'm making a personal bot for adf.ly but I'm not very sure how to make the program react to the skip button showing up after the countdown or to detect the countdown somehow so it starts its loop after the countdown finishes or button displays. Because asking it to invoke a click on the skip button before the time is done glitches adf.ly. Please help? Here's my code: Code

Public Class Form1

Dim done = False

Dim navigating = False

Private Sub WebBrowser1_DocumentCompleted(ByVal sender As System.Object, ByVal e As System.Windows.Forms.WebBrowserDocumentCompletedEventArgs) Handles WebBrowser1.DocumentCompleted

done = True

End Sub

Private Sub Button1_Click(ByVal sender As System.Object, ByVal e As System.EventArgs) Handles Button1.Click

WebBrowser1.Navigate(TextBox1.Text)

End Sub

Private Sub WebBrowser1_Navigating(ByVal sender As Object, ByVal e As System.Windows.Forms.WebBrowserNavigatingEventArgs) Handles WebBrowser1.Navigating

navigating = True

End Sub

Private Sub WebBrowser1_NewWindow2(ByVal ppDisp As Object, ByVal Cancel As Boolean)

Cancel = True

End Sub

Private Sub Button2_Click(ByVal sender As System.Object, ByVal e As System.EventArgs) Handles Button2.Click

Do

WebBrowser1.Document.GetElementById("skip_ad_button").InvokeMember("Click")

WebBrowser1.Navigate(TextBox1.Text)

MsgBox("you have looped")

Loop

End Sub

Private Sub Form1_Load(ByVal sender As System.Object, ByVal e As System.EventArgs) Handles MyBase.Load

End Sub I'm also going to add a proxy but i do not know how to make it automatically switch proxies in between loops.

Adf.ly bots are deprecated and they don't pay out unless you perfect it super well. But it is just not worth it unless you have an extremely, impossible high amounts of highly anonymous proxies and patience.

Thank you for the info. A few years back I made one that did work. Even got removed off of youtube because of it. I can't find where I uploaded it so I thought to make a new one. Seeing as it's just not viable I don't think I'll put in as much effort as I had before. It will be more of a relearning experience. Thank you again.
