Thread: [Would you bang Hillary Clinton?](#)

Prophet Banana - August 25, 2016, 6:59 pm

She was kind of a babe back in the day. She looks like a young hot doctor in this picture, watching you pull down your pants as she plays and bites the tip of her glasses getting ready to examine your prostate.

NTTITONV353 - August 25, 2016, 7:01 pm

I wouldn't even touch her. Disgusting and unauthentic

Stashyy - August 25, 2016, 7:07 pm

Depends how old she is in that pic. If she was around 18-20 then hell yeah I'd fuck the shit out of her. But seeing how she is now, she probably would of trapped me in some child support type shit.

Are you sure? Based on the size of your junk, and if her seizure kicks in--this is the only time you'll

get a positive reaction from a woman.

Well if she has a seizure while giving some head that could cause her to bit down real hard. That and also the fact that she has no sex appeal to me concludes me to say no.

ILY ? - August 27, 2016, 3:07 pm

Yeah I would. Even now. But for the noise that would happen afterwards that's all. Wondering if Klinton would have a fight with me afterwards tho. lel.
