"On the day a little girl was going to celebrate her 10th birthday, police say she was injected with methamphetamine, raped, strangled and stabbed to death before being dismembered by her mother and her boyfriend."

Jesus, I don't think I've heard a more gruesome and fucked up story.

Comic Books - August 26, 2016, 1:00 am

This is the most fucked up thing Ive ever read. I hope they put them in regular cell blocks so the inmates can beat the shit out of them. Knowing how shit usually turns out however they will probably be in their own solitary confinement.

test - August 26, 2016, 1:01 am

They are going to get fucked up in prison. Absolute scum. Not sure how some people can be so deranged and still allowed to have children.

Velo - August 26, 2016, 1:03 am

Um..... gg?

Fucked up parents that don't even deserve to be called parents.
Obviously drugged out of their brains.

Comic Books - August 26, 2016, 1:04 am

They deserve nothing less than a life sentence without chance of parole.

Mr. Robot - August 26, 2016, 1:09 am

Not to make light of the situation but I hope she was drugged up real good.

People shine light on those who commit crimes like this once they go to prison. This is why people such as child-molesters don't last long in prison.

It was all the drugs fault! Throw all those damn druggies to rot in jail!%^&\$#\$

But seriously, that is how media will portray it.

My condolences to the family of the girl that actually cared for her. (Aunts, Uncles, Grandparents possibly etc.)

It's not rape if they enjoy it since they are pedos. Hopefully someone will strangle and beat them to death in jail so they die the same way. An eye for an eye.

Basedxgodx - August 26, 2016, 9:40 pm

Damn that's fucked up. The parents were probably blacked out on whatever drugs they took and had no idea what they were doing. Still deserve capital punishment nonetheless

SIM-3002139 - August 27, 2016, 2:40 am
