Thread: [A player on bustabit has just won 70K yes thirty thousand dollars! UPDATE NOW - 5k](#)

Black Shadow - August 26, 2016, 4:57 pm

I have been watching this guy for a while now, I have never until this week seen him have above 1 BTC thats 1000000 bits now he has like 6000000000 thats 60 BTC.

He uses a Nyan chaser script and he started doing 100 bit bets then he worked that up to 1000 bits.

A Nyan chaser script is a script that cashes out at 1000 or above

Earlier this week he made 1 lucky bet and bet 100k bits and cashed out at 100 and he got it, he won 10 BTCs in 1 go.

He started to do 10k Nyan chaser bets and has hit nearly everyone this week.

The problem with a Nyan chaser is your profit drains quick so he has been doing 1 BTC bets every couple of hours and has just been lucky not to lose.

I am wondering how much he is going to make if this carries on ?

This is his bustabit profile so you can see his progress.

He has dropped to 55 BTCs he was at one point on 70 BTCs

UPDATE

I cant believe this guys luck he has made another 35k just today also hitting the 2 biggest wins ever 20k and cashed out at 1000 ?

I feel sick that could have been me ?

Nobody should sell this method, it's pure luck, gambling always is.

Gamer Fusion - August 26, 2016, 5:19 pm

Damn, what a lucky guy. But for someone to be betting that much to make that much, he must be rich to start off.

No he wasnt he has been playing for months now with just a few bits, he was down last week 1 BTC believe it or not.

He just got lucky with that first bet of 100k and won 10 BTCs and with his method its working.

I am just wondering will he lose it all though as earlier today he dropped to 37 BTCs but made it back.

Senor Suave - August 26, 2016, 5:31 pm

Yeah I bet he started off betting really high to build up enough to use the script. It's all pure luck, even if he has a really well written script.

Assailant - August 26, 2016, 5:44 pm

I wish I could get that lucky. I have always tried to steer away from gambling and stuff, I guess I'm just one of those people.

Gulddreng - August 28, 2016, 12:54 am

Wow that's insane. I know him. I used to watch his graph every day back when I played on BustaBit. He was always around -1 to 1 BTC profits. But now he's 100+ that's seriously insane.

He is a prime example of someone playing out of addiction. Its never enough he has to continue until he loses everything.
