Let me take one vouch copy sir.

Frukt - August 28, 2016, 10:06 am

I would say that the price is a bit too high. Maybe lower it by \$5? I mean you could get only shit stuff and pay alot.

BITCHLESS - August 28, 2016, 10:16 am

Vouch for this. I got vouch copy. In the copy I got passwords for a lot of sites. Around 80% of account were working. It's goldmine you can find a lot of interesting things and also you can make some money.

This isn't allowed:

Quote:Dumps / Combo Lists

Providing accounts that don't belong to you, whether in trades, for sale, or free, dumps are not allowed. The definition of a dump is a file with logins, passwords, personal details or emails. We do define "combo lists" as dumps as well.

Received a vouch copy!

All I can say is wow, valid logins to various sites that could be used to gain money or just mess around on someone elses' accounts.

Personally wont be using this myself but for anyone looking to buy would most likely get their money's worth!
