**Beadsman20** - August 28, 2016, 8:25 pm

Okay as the title suggest i am looking for some good manga to read only exclusion being romance. i started reading seven deadly sins 2 days ago but now am done. i read almost every manga considered mainstream and some that are not so please just give me some good recommendations so that the binge may commence. Also whatever you post i will read 10 chapters after that i will decide if good or not. So anyway thanks[/b]

Have you read Franken Fran? It's very good. Kurosagi Corpse Delivery Service is also pretty cool and worth checking out IMO.

**Black Dahlia** - August 28, 2016, 8:30 pm

If you're up for randomness, my favorite is Kyousoigiga.

**DerMensch24** - August 28, 2016, 8:45 pm

Berserk is always a good read ;)

Ye, the art is always regarded as among the best in manga, Kentaro Miura is well known for his intricate drawings. Sadly, I feel that this was part of why the 2016 anime was frowned upon since its hard to live up to that expectation; that and the fact that the director had no prior 3D experience among some other things, but that's off topic ;) Hope you enjoy.

For romance I can't really recommend any good mangas. Maybe Shokugeki no Soma? Its also an anime. A good romance anime you could watch is Date A Live which is light novel based but the manga adaptor has been on hiatus since the first 6 chapters.

Personally the main manga I keep up to date with is Tokyo Ghoul:re which is the sequel to Tokyo Ghoul.

**spaceandtime1** - September 7, 2016, 7:59 am

Tokyo Ghoul  
Attack of Titan  
they're pretty good mangas in my opinion.
