Thread: [\[FEEDBACK\] Synergy's Tournament](#)

Hello,

as you might or might not know I have participated in Synergys OW Tournament.

Too long: didnt watch

The tournament was set for the 28.Aug (Sunday) at 2100 German Time. 12 players should've showed up - 5 showed up on-time and 1 joined a bit late.

Even with a 3v3, we had an ABSOLUTE Blast and did some pretty close wins.
The Zarya and Pharah Combo let up capture the last point :)

Even though we lost that, it was fun. Afterwards we did a match with 0% cooldown. We had to ban Zarya and Reaper BUT FUCKING GEJIIIIII. HE DASHED ALL THE TIME DEALING TONS OF DMG. With tracer its ok since she is harmless but genji.....

Anyways, I also found a bug with ana: The 0% cooldown does not get applied to her - Blizzard pls fix.

So how was the tournament?

+Fun

+New Friends (Shoutout to YinYang)

+3v3 was actually better then 6v6

+Event got streamed

-Some ppl didnt use the mic

-50% didnt show up

-Time and Date of the Event

So how can we improve this for the next time?

-Make a doodle for the schedule! For me it was way too late...

-Play 4v4 or 5v5, I dont like 6v6 anymore

-To prevent ppl from not showing up, make everyone pay a small deposit of like 5\$. You get it back if you show up. If you do not show up, your 5\$ goes to all people who showed up (and played).

Lmk what you think about this and the Event!

Alright, Im glad they fixed it!

Can we get a new "tournament" (or just play together in an organized way) this weekend?

Was really fun playing with you all :) the 5 man at the end when we were with that random.

Let me know when the next tournament is going down, and let's try do a 6 versus 6 this time!
