Full disclosure: I PMed him saying that I would start a deal dispute tomorrow if I did not get the money, but when I saw that he was viewing my profile and then did not respond to my previous PMs I got fed up.

Being a good Samaritan, I answered:

His response:

I am getting excited and I decide to do the deal, I can already see the money at the end of the tunnel:

I replied with my email:

Then I get this response:

So I respond with proof that I sent the transactions:

Spoiler [\(Click to View\)](#)

I had to do two transactions because I didn't send enough the first time:

I then proceeded to PM him SEVERAL times, but the biggest bombshell came when I saw him checking me out!:

So that is it. I have been scammed. I think i am going to cry myself to sleep. I don't understand how someone can scam someone and then browse HF like nothing happened.

EDIT:

This is what he left me after I negged him. The fact that this guy is still here boggles my mind.

If he is selling his signature space he more than likely doesn't have the funds.

He will be never able to scam someone again when you give him a very big negative reputation with the scam report in it. Sorry for you loss OP, I hope you won't get in financial problems.

Splendid - September 1, 2016, 4:58 am

This is bullshit.

Sorry it turned out that way, his marketplace career is most likely over after this one.

RobinVJ - September 1, 2016, 5:03 am

Sorry to hear that buddy. he won't be able to do any Deal afterwards with this strong statement. Good luck!

I did warn users but his friends defended AND VOUCHED FOR him:

Should be all banned. Sad.

Thanks for all the support guys. It was just really unfortunate because when I did the deal he had no open cases, but someone else just opened up a case with him.

Now I know why people use a middleman and I will definitely keep that in mind.

Mikasu - September 1, 2016, 3:54 pm

I think he scammed both of us at the same time because I remember him browsing your profile as I was trying to figure out what was going on. I don't understand how someone who has admitted to scamming is still allowed to browse this form.

Wings of Redemption - September 3, 2016, 11:09 pm

Can someone please explain to me how this guy is still on HF? There is flawless evidence claiming he ripped off MULTIPLE people.

Coindergaps - September 7, 2016, 8:19 am

LOL and he dared to leave such rep. This thread pissed me of so much, wonder what these users are still doing here.

I saw this post thinking it was new and got excited when I saw the userbars for ub3r thinking they were new. Anyways, from what I've gathered in my short time here HF doesn't really get involved when members scam. Unless it was a HUGE occasion. It sucks he is still here though but this bump made me aware to never do a transaction with him!

[fakb0i](#) give him his money.
