Thread: [\[H\] PP \[W\] BTC/AGC | Willing to pay up to +10% for BTC, 80% for AGC](#)

Teresa - September 2, 2016, 2:21 pm

I need some exchanges done almost desperately but no one will respond to any of my messages

I have : PP

Need: BTC (+10%), AGC (80%)

These rates are heavily in the favor of the seller but there's stuff I need to buy that I can't get with PP

Will go first if you have no scam reports/community alerts and don't come off as sketchy in any way

I would have done that but I dont accept PP. Not from a newly registered member.

I would but your rep is questionable

Don't want to have to file a 2nd chargeback because of this forum

bumping this thread because I still want to get some AGC, but it's not as urgent as it was before
