Free Custom CPA Landing Pages

About

I have a lot of spare time and would like to make some CPA pages to sell in the future. Honestly, I can't think of many niches to create pages for and my brain is going dead. I thought I would create free custom landing pages for you guys with one twist. You give me the niche you would like the page created for. That way I'm creating landing pages I can sell in the future and I'm also helping members.

How to get a Landing Page

Post in this thread or private message me with the niche you would like a custom landing page for and I will make it!
