Thread: [My Skype has been compromised](#)

Vassilios - September 3, 2016, 11:21 am

I can't access my Skype right now and I am thinking that someone must have compromised it.. If you want to do deals with me then DO NOT message me there but rather on here! Thank you and I am working on getting it back.

Skype: Uprising.HF

Unfortunate.

Thank you for letting us know.

Perhaps you should place this in your signature or User Title.

No problem.

I deal only via XMPP.
