Hey man just deposited \$10 through coinpayments. How long does that take to show up? Says payment was confirmed/accepted ex.)

Edit: Just updated me on ETA of balance in less than five minutes. I can already tell this is going to be a kickass service. Thanks again and big vouch!

Yes, it's only me for a while and I wasn't awake. I'll add your funds now though if you provided enough information in the ticket.

EDIT: Added funds. Also sorry for not replying to your ticket. Someone was spamming tickets and meant I failed to see your's at the bottom. Apologies for that.

Paradigm tried it out once and he said they were good. They looked real, had a few tweets and followers I believe.

I'm also on support.
