bustagod - September 9, 2016, 3:56 am

Title says it all.

PS: I'm turning 16 very soon! (On 15 Sep)

Fidel Castro - September 9, 2016, 4:10 am

Damn, that was quite a few years ago, i feel old now.

When i turned 16, i called my friends at my place, had some drinks smoked some shisha & talked about life, future, girls.

I still remember that awful day.

Cammy - September 9, 2016, 5:09 am

I did nothing because it was on a Saturday and everybody was out for the weekend except me so I never left bed that day.

Rox. - September 9, 2016, 5:12 am

I turn 16 in 4 years so I am not sure my friend. However, my 12th birthday was fuckin lit

??---?? - September 9, 2016, 5:37 am

I probably didnt do shit on my 16th since I dont remember shit from it haha :)

Faith Connors - September 9, 2016, 6:11 am

I stayed home, played video games, got drunk as fuck and drowned in my own tears and vomit at 3am the next day, then my friend came over in the morning and found me pretty fucked up.

I'm pretty sad most of the time.

@vincent - September 9, 2016, 12:40 pm

Family was coming, got money, eat some food, drank a bit, pretty boring party but yeah

Ayntwan - September 9, 2016, 12:41 pm

I didn't really do much for my 16th, went out to eat with the gf and got some amazing birthday sex.

BR?ND?N - September 9, 2016, 12:43 pm

I did nothing really. Went out, got steak. I think I got my computer..wait no that was Christmas..maybe. I don't remember. All I know is that it was chill. I do remember I got money.

I'm almost 18 now so I can't remember 2 years back lol

Bachanky7a - September 9, 2016, 12:45 pm

Wow! Cheers, buddy. :D

Happy birthday in advance to you! ?

SIM-403479 - September 10, 2016, 9:34 am

I cant even remember. 16 aint that important.

Steve - September 10, 2016, 9:36 am

That was over 5 years ago so I don't remember too well, but I probably hung out with some friends or something. I don't smoke and didn't drink until I was 18 so I know I didn't do any of that.

Vitani's Mate - September 10, 2016, 9:40 am

Wow.. Hmm 9 years ago???

I don't think I can remember. I am pretty sure I got drunk at one point and passed out. lol

Raleway - September 10, 2016, 9:43 am

Well shit I did what any other normal HF user did, I drank 80 bottles of vodka, got a couple super-cars using an eBook, got a couple more Ferrari's because my dad owns the company, and I flew in my private A380 around the world a couple of times, oh and don't forget since I'm on HF I obviously smoked 8 LB's of weed cause we're all cool kids here and that's what we do!

Wireless Network - September 10, 2016, 10:19 am

I'll let HF knows in 3 years. Keep patient!

J?ey - September 10, 2016, 10:39 am

Don't really remember. Probably something along the lines of RS/HF then the normal birthday dinner.

Found the [thread](#) during that time period I made.

Getting old feelsbadman

SIM-2228224 - September 10, 2016, 10:48 am

I skipped school and got super high with a bunch of friends in Central Park before going to an all you can eat buffet with my family that evening. One of the most satisfying and memorable birthdays I've ever had.

t0rch - September 10, 2016, 10:51 am

I don't even remember my 16th birthday. Didn't even get a card from my family.

Probably went for a walk, smoked a j, listened to some music, and then got drunk

stanasi - September 10, 2016, 10:51 am

16+ night at a club in my area. ?

?Shatter? - September 10, 2016, 10:53 am

I jerked off all night long :)

That's so random..

But thanks though, I'm looking into it.

Fistsworn - September 10, 2016, 11:06 am

Being in a country where this particular B-day isn't significant I drank a lot, had a party with friends at a Kebab Place cause we know the owners and let us have all the place for like 2 hours where we ate and drank then If I remember well we hed to a Disco despite the fact I do not particularly like them stayed there a bit then we head in the town where that discp was like 10 miles from where I live and had Ice Cream cause that place is famous for it's Ice Cream....

As gifts got some money and perfume and a t-shirt and I don't actually remember what else...

Yes... Some of my friends parent roved us around cause here you can drive only at 18....

Scooter at 14 though, but I hate them noise machines...

-Nath - September 10, 2016, 12:12 pm

I didn't do much. My birthday was on a school day which was pretty shit, so I just went out for a meal later on that evening. Apart from that, it was a pretty shitty birthday.

lolpastorbate - September 10, 2016, 1:37 pm

Got very, very drunk on top of a levee with a keg, a bunch of friends, no light for miles and ended up being basically raped by my friend's sister. 10/10 would have given consent had she asked.

Mr. Corleone - September 10, 2016, 1:38 pm

I am not 16 yet, but hopefully I will be in a couple of years! :D

I will definitely drink, and smoke some blunts with my sister.

Tkalmighty - September 10, 2016, 2:57 pm

I did nothing really. However, my 21st bday was an entirely different story

bustagod - September 10, 2016, 9:01 pm

(Sep 10, 2016 12:04 PM)php Wrote: [\[CITE\]](#) How is that random? You asked what you should do for your birthday and I told you to get the fuck into a business ASAP while you're still young. You have time and time is king, fuck money, you have time to learn and be successful. I'm 22, you're 6 years younger than me. Learn what I know before you turn 18-19 and start a company ASAP. I am not fucking joking if you want to live a successful life take what you have (tons of time) and utilize it to learn and grow your own business.

Okay, man. Gotcha!

Thanks.

PS: Read the title..."What did YOU do for your 16th bday"

Mi2414 - September 10, 2016, 9:07 pm

I probably just chilled, I never do anything special anymore. Maybe dinner but that gets old after a bit.

Senor Suave - September 10, 2016, 10:17 pm

I sat at home, I am a light weight depressing person and as a teen birthdays are said for me so I didn't do anything I skipped school and stayed home all day.

bk randy - September 10, 2016, 10:19 pm

I dont remember, which means shit was probably lit asf

BR?ND?N - September 10, 2016, 10:23 pm

Why do you all act like turning 16 is some milestone ?

It fucking isn't. You think you'll get your license and a job but nah, you won't. You'll be 17 like me, sitting here, questioning life.

CyberError - September 10, 2016, 10:35 pm

On my 16th birthday I did nothing another then small party with my frienda , so its your birthday do whatever you wanna do and enjoy

In my country, their are no part time jobs for teenagers/minors. (Under 18)

Raf Simons - September 11, 2016, 11:41 am

I think I just chilled at my house with some friends and family. Nothing too exciting but I've never been one for birthday parties.

J?cob - September 11, 2016, 11:46 am

nothing, because turning 16 does not matter.

Rip miK - September 13, 2016, 6:40 pm

I just sat at my computer playing games and talking to friends over teamspeak, but before that I helped my dad set up a deck outside our house.

sucet pop - September 13, 2016, 7:14 pm

Honestly, I got pretty fucking drunk.

Yin Yang - September 13, 2016, 7:16 pm
