Riyu's Middleman Service

I am offering a middleman service. Read the information below before messaging me.

[harsh.af](#)

Terms

I will not be responsible for anything that happens outside of the initial deal with myself as the medium. I also have the right to decline service for any deal. I will also not take a change in heart lightly - if you waste my time, you probably won't be able to use my services in the future. Be certain that you'd like to go through with a deal prior to contacting me. The only currency officially supported at this time will be Bitcoin and any altcoins, but some exceptions can be made.

Assurance

As with any other deal, any party will have some lack of trust. [However, you can rest assured](#) that I will not do anything out-of-order and your deals will be finished with haste. At the end of the day, it's your decision to trust me, and yours only.
