Thread: [Free Proxy Grabber | First Time Making One](#)

LowieLadz - September 9, 2016, 10:38 pm

Hey guys, this is my first ever Proxy Grabber that i have made and it works fine for me. the proxy's are taken from one source that updates the list every hour so you won't need to worry about finding a new source each time.

I've coded this in VB so it's pretty basic. Nothing special but none the less it gets the job done. I only made this because i want to further my skills in VB and i would like to contribute to HF.

If you would like a copy please PM me, Thanks! ?
