Thread: [Animes like Tokyo Ghoul & Kiseijuu Sei no Kakuritsu](#)

Animes are pretty new to me, but ive already seen the whole kiseijuu series on one day, and tokyo ghoul was amazing too. Ive seen one piece before where the character gets stronger over time, but im looking for something thats more emotional like tokyo ghoul or kiseijuu or just something that has some OP to it like one punch man either where the character is already super strong or where he gets stronger with a history to it and so on. ?
