dude before you bump this please try nd respnd to serious concerns i have via pm pls very important

pls respon to my pm asap need you to fix yur stufff asap

Why the fuck arent yu responding to my emails you fucker youre just offering false advertising here you bloody piece of shit.....first of all I give yu tiem to respond to pms yu juss blank out

Secondly yu say your email flooder sends 100 eails to inbox lols wheras its only 5 that semds per every 2mins and hell yeah and I tested it on aol yahoo gmail and some other emails

For yahoo and gmail the emails land in spam you got that right fucking spam.....

Please get this shit fixed and make sure yu test something fully begore yu release it to the public

Sent yu a shitload of pms and mssgs yet yu fucking failed to respond

Just help him out instead of being a bitch to him. He's having a problem with YOUR product.

Sensationals - November 4, 2016, 11:55 pm

Bumping this up. servers are back up and running!

Kingspade - November 5, 2016, 12:36 am

I'm interested in this especially if you would add a email spoofer to it too, so you can spoof any email then i would definitely buy a subscription to it.
