Thread: [I would marry this YouTube girl.](#)

F?cqlе?? - September 11, 2016, 10:52 am

This girl makes cover videos and I would literally marry her this instant if she asked.

You might think this shit is gay but listen to some of her music, she has a beautiful voice.

You'll learn one day.

No idea, but I know software plays a role in mic quality, regardless of the mic being used.
