Thread: [Help pick our betting predictions domain name and win lifetime subscription + more!](#)

Limited Edition - September 11, 2016, 3:22 pm

Hey, myself and some friends have been running a betting prediction service for a couple of months now with over 120 members. We still haven't come up with a name for the service!

Help us find a domain name and you can win a lifetime subscription to the service!
If you don't gamble then we'll allow you to give the lifetime to a friend!

We will also give 1 month free subscriptions to users who suggest domains we consider using!

Remember no idea is a bad idea, your suggestion could help us come up with our own. If this is the case then you'll still win the prize!

To help things move along quicker, we can also give the winner \$5 BTC or paypal. The winner can choose between joining the group for free for life time or \$5

As you have not specified that you want a COM or NET. I am suggesting to try something different

www.BettingTi.ps
www.TheTipste.rs

You can book a PS or RS domain at Instra . com and the both are available.

We have finally come up with a name, since nobody here suggested it I still feel like I should give out a lifetime subscription.

Ending on the 7th Oct I will use random.org to pick a winner from this thread, you guys can continue to post suggestions until then! ?
