Thread: [Senjou no Valkyria](#)

**Aura** - September 11, 2016, 6:40 pm

Quote:Valkyria Chronicles is set in a fictitious continent reminiscent of 1930s Europe. The continent, called Europa, is divided into two main powers: The Imperial Empire, a monarchy in the east, and the alliance of democracies called the Federation in the west. In this world, there is a very important resource called ragnite; its uses range from fueling weapons of war to use in medical treatments. Since ragnite is such an important resource, the Federation and the Empire are constantly at war with each other for it.

The story takes place in the neutral country of Gallia, known for its bountiful reserves of ragnite, when the Empire decides to invade and seize the ragnite for themselves. The story follows Welkin, the son of a former war hero; Isara, Welkin's Darcsen adoptive sister; and Alicia, a member of the Bruhl town watch, as they fight the Imperials in the ragtag Gallian militia group, Squad 7.

Squad 7 fights to regain their homes and livelihoods with Welkin as the squad leader and commander of the Edelweiss tank; Alicia as a scout; Isara as the pilot of the Edelweiss, and a variety of colorful individuals.

Season(s): 1

Episode(s): 26

Been on my PTW list since the beginning, when I was still asking for Anime recommendations. Decided to watch it after watching the opening on YouTube and the song gave me goosebumps. It's one of these openings that you know... the song is good, soft but also it have punch. Based on that, I decided to start watching it and so far, it's not that bad.

**Esdese** - September 11, 2016, 6:54 pm

I own the game, didn't know there was an anime to it. Pretty cool, might check it out after I finish re-watching Akame ga kill and Arslan Senki

**grady** - September 11, 2016, 6:56 pm

Most definitely watching this, it's added at the top of my list rn.

Does Arslan Senki get much better after the first couple of episodes?  
I couldn't get past that point of it.

I couldn't get past that point of it.

Arslan Senki is easily the best anime I've seen thus far in terms of story and character progression. However, it does take a little while to build up, especially considering the story itself. (Having to re-build his army and empire)

But I highly recommend at least trying to finish it.

**ankitkhosya** - September 11, 2016, 7:41 pm

I have even heard of it , i guess i have still lot to see on mal , thanks aura senpai.

**Aura** - September 12, 2016, 2:05 pm

The bromance in that Anime is off the chart.

**Fidel Castro** - September 12, 2016, 2:24 pm

Thanks for anime Aura-Senpai, added to my list, got some free time now to watch it.

**Zexo** - September 12, 2016, 2:35 pm

I'll most likely watch this after re zero finishes.

Really wanted to watch RE:Zero but every single anime media outlet and everyone being so hype over it made me lose every single piece of interest I had for it lol

I honestly this the hype is deserved I really like it and the sound track has me getting chills.

But lets not drag this off topic.

Spoiler ([Click to View](#))

The romance game is strong in this Anime yo.

Edit:

Spoiler ([Click to View](#))

What the fuck, from every single fucking character they had to kill her. What the hell. No fucking

way. I don't accept that.
