Thread: [5 Ridiculous Ways to Make Money Online Fast](#)

Warren Buffett - September 11, 2016, 8:59 pm

I came across an article today about making some good money online. I can vouch for these as these do work!

I agree that these are good businesses - but not necessarily fast. As long as you don't know what you are doing exactly or land a lucky shot, there is no "easy money" in them. Still a good overview though.

#1 is the best way to do it and a simple merchanting scheme. Anyone who doesn't know how to buy a 24 case of soda and flip it for \$2 a can is an idiot lol.
